Angling Matters:

Member's Angling Reports:
No reports outside of competition were received.

Trip Captain's Report: Angling Committee
Inter club Comp. Goulburn River region.
Good weather was experienced with no rain but reasonably strong winds. Water flow in the Goulburn River had been dropped To 3000 to 3500 mgls /day and appeared to have spooked the fish.
A most enjoyable BBQ on the Saturday night

Angling Secretary's Report— Trevor Thommers

Last Competitions

Comp. Freshwater F3

- Date 27 April 2013
- Venue: Goulburn River and tributaries-Eildon Pondage
- Number of members: 10 Visitors: Nil
- Total Bag Weight: 2.555kg Total Number of Fish caught: 9
- Species caught: 5 Brown and 4 Rainbow Trout
- Winner of the comp. was George Green with
3 Trout weighing 1.530kg
- Winner of the Trophy was also George Green
- Heaviest fish was a Brown Trout weighing 0.740kg and this was caught by George Green

Numbers of members who caught fish was 4

Average fish weight 285gms

Comp. Freshwater F4

- Date 28 April 2013
- Venue: Goulburn River and tributaries-Eildon Pondage
- Number of members: 9 Visitors: Nil
- Total Bag Weight: 3.040kg Total Number of Fish caught: 8
- Species caught: 7 Brown and 1 Rainbow Trout
- Winner of the comp. was George Green with 5 Brown Trout
weighing 1.885kg
- Winner of the Trophy was Judy Green with 1 Brown Trout
- Heaviest fish was a Brown Trout weighing 0.700kg and this was caught by George Green

Numbers of members who caught fish was 3

Average fish weight 380gms

As this concludes the fresh water comps. the aggregate winner with 99 points was George Green.

Inter club comp against Elwood AC

Elwood AC 3 members participated for a total bag weight of 6.525kg
i.e. 2.175kg /member.

Ormond AC 10 members participated for a total bag weight of 6.595kg
i.e. 0.660kg/member.

As a result Elwood AC won the Fresh water Shield Competition.

VR Fish/MAA Delegate Report

Prawn stocking trial at Lake Tyers a first for Victoria

Fisheries Victoria recently stocked approximately 300,000 prawns into Lake Tyers in East Gippsland – the first time the stocking of prawns has ever been undertaken in the state.

The Eastern King Prawns were stocked into Lake Tyers with the help of funds from the sale of Recreational Fishing Licences.

Lake Tyers was identified as an ideal candidate for prawn stocking based on its environmental and physical attributes through consultation with researchers, anglers and other government agencies.

A further one million prawns will be stocked later this year. This trial will be used as a stepping stone to help inform future projects of this kind, including fish species.

Boat ramp funding boost for Serpentine

A major upgrade to the boat ramp at the bridge over the Loddon River on the Bridgewater – Serpentine Road will take place following a Victorian Government grant of \$83,693.

Fishing in the Loddon area is approaching its best after extensive stocking programs of Murray cod and golden perch fingerlings in local lakes and streams over the past two years.

The Boating Safety and Facilities Program, along with the Recreational Fishing Grants Program, are providing safe and reliable access for fishers to our waterways.

Better boating access to Lake Tyers for anglers

Boating access to Lake Tyers has been improved following the installation of two new floating jetties at the Fisherman's Landing and Lakeside Drive boat ramps.

The improvements have been undertaken by the East Gippsland Shire using \$70,650 from the Victorian Government's Recreational Fishing Initiative.

The new jetties already proved popular over summer with many fishes enjoying easier and faster access to the water when launching. Better boating access will help locals and visitors make the most of the terrific recreational fishing opportunities at Lake Tyers.

A solar light will also be installed at Fisherman's Landing to illuminate the ramp area for those launching and retrieving boats after dark.

The Recreational Fishing Initiative is also stocking more fish, installing fish cleaning tables, building fishing reefs and strengthening fisheries compliance.
